ROANOKE RED SULPHUR SPRINGS,
VA., July 25.—The season at the Red has
been a little late this year, but now this
resort is fast filling up, and in a week or
so the season will be reaching its height.
All of the guests are enjoying life to the
utmost. On these grand mornings, when
the cool air of the mountain tops comes
down in refreshing breezes, what could
be more thoroughly enjoyable than to
hunt, to fish, to look for bee trees, to
take long rambles through the shady
forests—all of which are done by young
and old.

take long rambles through the sinuly forests—all of which are done by young and old.

Of course, the ten-pin alleys and the tennis courts have their quota of devotees, but card playing and dancing are the most popular amusements at the Red, as they are at most mountain resorts. There are some excellent card payers here and various card games are in progress most all of the time, except in the evenings. When the shades of night have fallen all flock into the ball-room where the orchestra from Washington plays the softest of waitzes, and the liveliest of two-steps. The Old Virginia Reel is as popular as ever, and the dancing of each evening generally begins with it.

MERCURY A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You

of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored splotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

Sir,—I see from your paper of last evening that you mention the names of some parties who had been considerate and liberal to their clerks in paying their salaries during, the time they were doing military service in this city.
